108 Finger Permutations - Level 8

Two-Position Ladder: 4+4 Whole-Pattern Shift Control

Level 8 begins the horizontal-mobility branch. String-crossing difficulty is intentionally removed so the hand can learn one new task: release, relocate, and rebuild the four-fret frame without losing time.

1. Keep two fret frames fixed

P5: 1=5, 2=6, 3=7, 4=8.
P7: 1=7, 2=8, 3=9, 4=10.
Use the assigned finger in both frames.
Do not stretch from P5 to fake the move.

2. Echo the complete code

Play all four digits in P5.
Shift the hand two frets as one unit.
Repeat the same four digits in P7.
Return by reversing the two frames.

3. Make the shift inaudible

Release pressure before moving.
Keep fingertips close to the strings.
Move the thumb with the hand frame.
No scrape, slide, pause, or extra accent.

Worked example - code 1234

The barline is the shift boundary. The aligned one-string template is repeated on each string in the printed route; the notes are not played as a chord.

SHIFT UP - E > A > D > G > B > e

P5 P7

```
S|5-6-7-8----|7-8-9-10---|
```

SHIFT DOWN - e > B > G > D > A > E

P7 P5

```
S|7-8-9-10---|5-6-7-8----|
```

PASS 1 Play as even eighth notes. Insert one deliberate subdivision at the barline, release pressure, move the whole frame, and lightly accent the first note after the shift.

PASS 2 Remove the pause and accent. Keep both four-note cells identical in volume, articulation, and tempo. Then convert the phrase to straight sixteenths.

The frame must move even when overlapping fret ranges make a stretch seem possible.

Practice protocol

1. Choose one 12-exercise set.
2. Begin 10-15 BPM below your clean Level 1 same-string tempo.
3. Play SHIFT UP and SHIFT DOWN with a downstroke start.
4. Repeat both routes with an upstroke start.
5. After three clean loops, add 2 BPM at the next session.
6. After two late landings, squeaks, or tension, reduce 4-6 BPM; require two clean days.

Standard tuning. P5 = frets 5-8; P7 = frets 7-10. Repeat the one-string template on each string in route order.

Level 8 - Two-Position Ladder

Set 1 of 9 - Exercises 001-012

4+4: complete the code in P5, shift two frets, then repeat the entire code in P7.
