Scale Exercises - Section II, Level 13

Major Scale Two-Octave Six-String Neck Ladder: A to A

The scale section still starts on A.

Extend the exact Level 12 frame through all six strings before moving it one fret.

1. Extend the compact frame

Root fret R: E R,R+2; A R-1,R,R+2; D and G R-1,R+1,R+2; B R,R+2; e R-1,R.
Fingers: 2-4 | 1-2-4 | 1-3-4 | 1-3-4 | 2-4 | 1-2.

2. Cross all six strings

The ascent uses **2-3-3-3-2-2 notes per string**. The B-string offset breaks the visual symmetry, so use the assigned fingering rather than copying the G-string shape.

3. Preserve rhythm and pick cycle

Repeat the high root at the turn. The full up/down cell has an even **30 notes**, so each new key begins with the same pick orientation without a reset.

Worked example - A major at low-E fret 5

Scale notes: A B C# D E F# G# | A B C# D E F# G# A. The high root is repeated at the turn.

LOW ROOT -> MIDDLE ROOT -> HIGH ROOT | HIGH ROOT -> MIDDLE ROOT -> LOW ROOT

E  |5--7-----------------------------------------------------------------------------7--5--|
```

KEY ROUTE A -> Bb -> B -> C -> Db -> D -> Eb -> E -> F -> Gb -> G -> Ab -> A, then reverse.

AUDIT Hear both octaves evenly; keep the B-string crossing and one-fret relocation rhythmically invisible.

The fixed shape transposes. A major is the starting rung, not the key of every rung.

Session protocol

1. Master the A-major cell alone before adding a shift.
2. Start 10-15 BPM below your clean Level 12 tempo.
3. Use 2-3 neighboring rungs and pause one beat after each cell.
4. Repeat with a downstroke start and an upstroke start.
5. Remove the pause; connect the route and reverse at fret 17.
6. Add 2 BPM after 3 clean round trips; reduce 4-6 BPM after 2 errors.

Level 13 - Chromatic Major-Key Route

Ascending route: complete each 30-note scale cell, then move the frame +1 fret

Descending route: use the same cards in reverse order and move -1 fret

How to use the map

Up pass: rungs 01-13.

Turn: complete the high-A cell at fret 17, then reverse direction.

Down pass: rungs 12-01. Do not repeat the high-A card unless you are beginning a new round trip.

Key names: say the printed key before playing its low root.

Goal: preserve one major-scale interval formula while both octaves rise and fall chromatically.

Mastery gate before the next scale level

Name every key before playing it; keep the four-fret frame compact; maintain strict alternate picking across all six strings; make the middle-octave and high-octave roots sound intentional; land every one-fret relocation without sliding; and complete the full fret-5 to fret-17 to fret-5 route with both pick starts on two separate days.

Level 13 - Major Scale Two-Octave Six-String Neck Ladder

Rungs 01-03: play each card as one cell, then move +1 fret

For the descending pass, read the cards in reverse order and move -1 fret

Full round-trip challenge

1. Start at A major, low-E fret 5.
2. Play all 13 cells without restarting the pick cycle.
3. Reverse after the fret-17 A-major cell and return through rungs 12-01.
4. Say each key name aloud before its low root.
5. Repeat with the opposite starting stroke.

Clean-round standard: no open strings, wrong accidental, unplanned doubled note, dragged shift, crossing hesitation, or volume drop in the upper octave.

Advance: complete the route cleanly with both pick starts on two separate days.

After the ladder is clean

Octave accents: accent only the low, middle, and high roots.
String-entry accents: accent the first note on every new string, then remove the accents.
Crossing audit: isolate D-to-G, G-to-B, and B-to-e transitions.
Direction: begin selected sessions at fret 17 and descend first.
Random entry: choose any root fret from 5-17, name the key, and continue either way.

Practice log

Date	BPM	Start	Clean?	Notes

Advance after two separate clean days, not one unusually good run.
