108 Finger Permutations - Level 9

Mid-Pattern Position Transfer: 2+2 In-Code Shift Control

Level 8 shifted between complete four-note cells. Level 9 moves the boundary inside the code, after note 2, while the pick stays on one string.

1. Keep both frames exact

P5: 1=5, 2=6, 3=7, 4=8.
P7: 1=7, 2=8, 3=9, 4=10.
Use the assigned finger in each frame.
Do not stretch from the old position.

2. Split every code 2+2

Notes 1-2: starting position.
Release after note 2.
Notes 3-4: destination position.
The digit order never changes.

3. Shift the frame, not the pitch

Move hand and thumb as one unit.
The next note may rise, repeat, or fall.
Land with no slide, scrape, or delay.
Keep the unused strings silent.

Worked example - code 1234

The center divider is the shift boundary. Repeat the one-string template on each string in the printed route.

SHIFT UP - E > A > D > G > B > e

P5 P7

```
S|5-6------|9-10-----|
```

SHIFT DOWN - e > B > G > D > A > E

P7 P5

```
S|7-8------|7-8------|
```

PASS 1 Play notes 1-2, stop, release pressure, move the hand frame, then play notes 3-4.
Use the stop only to verify a clean release and exact landing; do not drag a finger along the string.

PASS 2 Remove the stop. Play straight eighths, lightly accent note 3, then remove the accent and convert to 16ths.
Use D-U | D-U and U-D | U-D so note 3 begins with the same pick direction as note 1.

Important: on the downward 1234 form, the tab repeats frets 7-8, but the hand still changes from P7 fingers 1-2 to P5 fingers 3-4.

Practice protocol

1. Choose one 12-exercise set.
2. Begin 8-12 BPM below your clean Level 8 continuous tempo.
3. Run SHIFT UP and SHIFT DOWN with a downstroke start.
4. Repeat both routes with an upstroke start.
5. After three clean loops, add 2 BPM at the next session.
6. After two missed landings, slides, or tension, reduce 4-6 BPM.

Advance after the full set is clean both ways on two separate days.

Level 9 - Mid-Pattern Position Transfer

Set 1 of 9 - Exercises 001-012

2+2: notes 1-2 in the starting frame, shift, then notes 3-4 in the destination frame.
